

0.55kW 3" SDM Borehole Pump Kit

- Best efficiency head range
46 to 84m
- Best efficiency flow range
20 to 40lt/min
- Suited for use in boreholes
of up to 91 meters in depth
- Supplied in kit-form
- Supplied pre-assembled and
ready-for-installation
- Curve Tolerance according to
ISO 9906
- Water hammer control
- Overload protection
- Waterproof cable joint

Suited for use with boreholes, wells, tanks, rivers and dams.

For maximum water extraction efficiency

Precision-crafted from premium construction materials, this borehole pump kit is high-wear resistant, has all the necessary built-in safety features and has been verified according to ISO 9906 to deliver the specified performance. Supplied in kit-form for ultimate convenience, extracting water has never been easier.

Pump specifications

- **Pump model:**
3SDm2/21
- **Max head:**
91 m
- **Max flow:**
45 lt/min
- **Max fluid temperature:**
35 °C
- **Max sand content:**
0.25%
- **Min well diameter:**
4 inch
- **PH capability:**
6.5 to 8

Included in this kit

- Pump
- Motor with cable already connected (80m)
- Control box with built-in capacitor and pre-wired with a 3-point plug
- 80m of ski-rope
- Borehole baseplate

Integrated functions for protection from

- Water hammer control
- Motor upthrust protection
- Overload protection
