

0.75kW 3" SDM Borehole Pump Kit

- Best efficiency head range 59 to 107m
- Best efficiency flow range 20 to 40lt/min
- Suited for use in boreholes of up to 117 meters in depth
- Supplied in kit-form
- Supplied pre-assembled and ready-for-installation
- Curve Tolerance according to ISO 9906
- Water hammer control
- Overload protection
- Waterproof cable joint

Suited for use with boreholes, wells, tanks, rivers and dams.

For maximum water extraction efficiency

Precision-crafted from premium construction materials, this borehole pump kit is high-wear resistant, has all the necessary built-in safety features and has been verified according to ISO 9906 to deliver the specified performance. Supplied in kit-form for ultimate convenience, extracting water has never been easier.

Pump specifications

- **Pump model:** 3SDm2/27
- **Max head:** 117 m
- **Max flow:** 45 lt/min
- **Max fluid temperature:** 35 °C
- **Max sand content:** 0.25%
- **Min well diameter:** 4 inch
- **PH capability:** 6.5 to 8

Included in this kit

- Pump
- Motor with cable already connected (100m)
- Control box with built-in capacitor and pre-wired with a 3-point plug
- 100m of ski-rope
- Borehole baseplate

Integrated functions for protection from

- Water hammer control
- Motor upthrust protection
- Overload protection
