

DIY Slimline Tank Stand

This product is locally
manufactured in SA!

- **DIY-Friendly:** Quick, straightforward assembly means you don't need special skills to get the job done.
- **All-Inclusive:** Comes with everything you need to set it up, hassle-free.
- **Durable:** Made from electroplated steel, ensuring long-lasting stability and performance.
- **Time-Saving:** Skip the wait for concrete plinths to cure and set up your tank instantly.
- **Adjustable Feet:** Ideal for uneven surfaces, ensuring your tank stays level and secure.

JoJo Slimline Compatible:

With a platform size of 950 by 890mm, this stand is ideal to use for both our 750 and 1000L Slimline Tanks.

Installing a Slimline has never been easier.

Our new DIY stand, is a game-changing alternative to traditional concrete plinths! Specifically designed for our 750L and 1000L Slimline Tanks, this stand offers a durable, easy-to-install, and moveable solution to make your water management that much more efficient.

Product details

- **Item code:**
DIYSTANDSLIM
- **Packaging dimensions in mm:**
125(h) x 983.5(w) x 240(l)
- **Total weight:**
24.8 kg

Things to note

- Place a spirit level on all four sides of the tank stand to ensure that it is level.
- **Important:** Only once your tank stand is level and secure, should you place your tank on top of your stand.
- The stand should be placed on a surface that can carry the weight of the tank and stand once the tank is full such as paving or concrete. Surfaces such as soil and grass are not suitable.
